Southern Tennessee Regional Health System–Winchester and Sewanee’s mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region’s overall well-being. Your support allows us to continue to enhance the many ways we serve and care for the Franklin County area today and for generations to come. Thank you.

In 2019, we...

...added 30 providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in emergency medicine, urology, radiology, telemedicine, internal medicine, obstetrics and gynecology and more.

...made more than \$2 million in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. This year, we invested in 3D mammography, a renovation of our Women’s Center and behavioral health unit, additional monitors in our cardiac rehab unit and equipment for new cardiac procedures.

...distributed a payroll of \$47,786,101 to more than 700 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$33 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$7,177,329 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

STRHS hosted a tailgate celebration for Franklin County High School's homecoming game against Grundy County.

STRHS is honored to host the annual Cheers for the Girls to raise awareness of breast cancer.
